The screenshot shows the Marimba Jobs website interface. At the top, there's a navigation bar with links for Homepage, Forums, Resources, About Us, and Get Connected. Below this is a search section with a 'Refine your search:' dropdown menu containing filters for Title, Company, and Location. The 'Title' filter is expanded, showing options like 'Help Desk Support', 'System Engineer Sr Professional', 'System Engineer Professional', 'Senior Config/release Engineer', and '282675 Systems Admin/Windows Server'. The 'Company' filter is also expanded, listing 'Computer Sciences Corporation (CSC)', 'Randstad Technologies', 'Verizon Communications', and 'Charles Schwab'. The 'Location' filter is expanded, listing 'Charlotte, NC', 'Annapolis Junction, MD', and 'Phoenix, AZ'. To the right of the search filters is a 'Post a Job' button with a price of 'Only \$99 for 30 days'. Below the search filters is a search form with 'Keywords' (Job Title, Skills or Company), 'Location' (City, State or ZIP), a distance dropdown (within 25 miles), and a 'Search Jobs' button. The main content area is titled 'Marimba Jobs' and includes a 'Subscribe to RSS Feed' link. Below the search form is a table of job listings with columns for 'Posted', 'Job Title', 'Company', and 'Location'. A yellow banner reads 'Looking to hire? Post your job today!'. The 'Featured Job Postings from the Web' section lists three jobs: a 'System Engineer Principal Leader' at Computer Sciences Corporation (CSC) in Falls Church, VA (Feb 12), an 'NC - Wintel Sr Server Engineer - Server Admin & Security job' at Randstad in Charlotte, NC (Feb 10), and a 'Help Desk Support' position at Verizon Communications in Lewisville, TX (Feb 10).
